Judith Bertoglio-Giffin : Bead Crochet Ropes: republished edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Bead Crochet Ropes: republished edition:

1 of 1 people found the following review helpful. Unforgivingly skimpyBy SunhotmoonI'm new to bead crochet, although I do know how to crochet a little bit already. I know how to handle the hook and the yarn. I'm wanting a lot of instruction about how to get startedwith bead ropes, with good photos and diagrams. I'm giving this book two stars for a couple of reasons:First, the actual bead crochet instructions are well photographed, but are very confusing. She skips steps and many times I was left scratching my head about where to put the needle. Although the colored beads with contrasting red thread was helpful, sometimes it just didn't make sense. Diagrams with arrows instead of photos, or more clear instructions, would have been useful.Second, the designs aren't very good and I was very uninspired by them. I expected to see more pattern development with variations, but the author is more into embellishment and gewgaws.Finally, it was a waste of money for the amount of instruction and size of the book The book is very skimpy

in pages and worth about \$8.95. It's not a book, it's a pamphlet. I'm returning it. It appears by looking that her other "books" that she's attempting to cash in by breaking down the subject into various small books so she can make more money. The author does appear to be knowledgeable, but each book is a just chapter of what could be one good larger book. It seems like she's just milking her audience and this is a turn-off. As an alternative book, I highly recommend "Crafting Conundrums" instead. It covers all of what this author covers in all of her high-priced pamphlets, and then some. 0 of 0 people found the following review helpful. Helped me finally learn the technique. By J. OConnor Excellent. Got me finally started on the crocheted beads! Also gave me inspirations for some patterns, but would like more. Also watched Ann Benson's excellent tutorial on YouTube. Between the two, I feel I now have it figured out. 2 of 2 people found the following review helpful. Crochet Rope Beading By macaroni There is no one better than Judith Bertoglio-Giffin in crochet rope beading. Great instructions and illustrations. Every beader would enjoy.

Bead Line Press Republished Edition, 2014 This is an unabridged, republication of the original Bead Crochet Ropes, published in 2002. It should be noted that references to materials are as originally published and may no longer be relevant. This popular instructional book includes all the basic techniques for slip-stitch bead-crochet that you will need to begin making ropes. The experienced bead-crocheter will find patterns and exciting techniques that they can customize. *Step-by-Step Instructions with Detailed Photo Illustrations *Many Helpful Hints *Design Ideas *17 Patterns *6 Complete Projects *Basic and Advanced Techniques *Gallery of Contemporary Work

About the Author Judith Bertoglio-Giffin, author, artist, designer, and teacher has been beading for over 20 years. She has taught bead crochet workshops nationwide that include basic and advanced techniques emphasizing creative approaches to bead-crochet. As an antidote to the formality to bead crochet, Judith's other beading passion is free-form peyote. Judith splits her year between Tombstone, AZ and Antrim, NH.
