**Sandra D Halpenny : Beaded Bracelets Pattern Collection** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beaded Bracelets Pattern Collection:

Great Book!By Linda N.I was a little hesitant to order this book since it was a little more than I usually pay for craft books (with coupons, etc.) but I am really glad I did. The patterns are very clear and easy to follow. I mostly use the diagrams instead of the words since they are very clear. One thing I like about this book is that the patterens are for pieces that I would wear for everyday. Although many of the patterns in magazines are fun to look at they are not anything I would wear. A few of the patterns are asymmetrical which I will probably change to make symmetrical (due to my compulsiveness!) since I prefer that look in a bracelet. Also, the materials are mostly beads I already have on hand. The one exception is 8 Delicas which I replaced with 8 seed beads to get started and that worked well. The patterns seem to work up quickly, too. I can see this is a book I will return to many times.13 of 13 people found the following review helpful. Beautiful PatternsBy AmandaReally love all the

patterns in the book. The instructions are easy to follow. Good diagrams, step by step, easy instruction. Have started to make 1 pattern, looking stunning and can't wait to do the next. Though I found the price to be a bit dearer than other books of similar volume, however I do get many good patterns that I like. 5 of 5 people found the following review helpful. I really like these designs. By Too many cats, but I love them all. I have made a couple of these already, and the instructions are clear, and the patterns are really nice. I am anxious to try some of the other patterns also.

This Collection of bracelet patterns are made using beaded net weave stitch. It's an easy stitch to learn and do. Beaded Bracelets Pattern Collection takes you through 14 beaded bracelet patterns, with easy to follow full color step-by-step illustrations. Most of the patterns can be made in a couple of hours; make a bracelet today and wear it tonight. Start with a handful of seed beads, crystals and a few other beads, and come up with beaded bracelet designs that are as perfect for a night out as they are for a picnic.
