Suzanne McNeill : Beaded Flowers, Bouquets, Garlands: Bouquets and Garlands before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beaded Flowers, Bouquets, Garlands: Bouquets and Garlands:

3 of 3 people found the following review helpful. Not very many projects
By Ashley Y. I thought there would be more projects in this book than there are. It is also lacking in directions, but the pictures do help with that. Some of the pictures are enlarged so you can see the detail better. I don't think this book was really a good buy because I never use it for projects or ideas.

By A. Rexrode
The cover picture seemed to entail a wider variety of flowers with more intricate detail than what was actually delivered in the magazine. It was disappointing to find that there was a lot of redundancy. I will probably sell it at my next yard sale.
