**Sherri Haab : Beaded Macrame Jewelry: Stylish Designs, Exciting New Materials** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beaded Macrame Jewelry: Stylish Designs, Exciting New Materials:

7 of 7 people found the following review helpful. hobby loverBy kathyI bought this book because i like sherri haab's style and knew I would like playing around with her updated style of macrame. Her directions are very clear and easy to understand. The sources in the back of the book are good because not everyone has large holed beads for macrame projects. I plan to make all 8 bracelets, both of the necklaces and all the earring variations. I probably won't make the belt but it's attractive just not for my figure. If my teenager likes it I will make it for her. I will also make a variation of the watch just minus the charms and words. I won't make the purse but I have all the material for it on hand I just don't see myself using it. But I like the Ipod pouch and will make it. As soon as I have the correct material I will start making and re-review the book.1 of 1 people found the following review helpful. Not what I expectedBy PatThis book

didn't have the right kind of projects for me and it was difficult to understand from the brief review that was available. 1 of 1 people found the following review helpful. Five Stars By Kindle Customer This was a present. I had given my girlfriend other macram books, but she loves this one.

Macram. Just the word summons up images of hideous 1960s atrocities designed to hang plants. But what was good about macram in the 1960s is still what's good about macram: It's easy, it's fun, everybody can do it. And now everybody can get great results, making gorgeous jewelry that's sure to astonish anyone born before the Reagan era. Best-selling author Sherri Haab takes a completely fresh look at the craft, using fine cords and shimmering beads that are popular with today's beadwork and jewelry designers. Clear illustrations show how to do 14 simple knotting techniques. Then it's time to try 22 projects for bracelets, earrings, rings, necklaces, even a belt, a purse, and an iPod pouch--each one stylish, colorful, and easy to create. *Beaded Macram Jewelry* is macram for today!

About the Author Sherri Haab is the author of the best-seller *The Art of Metal Clay* and an award-winning author, illustrator, and product designer of how-to books for kids. Her best-known titles are *The Incredible Clay Book* and *Nail Art*; both have sold more than one million copies. Her other books include *Clay So Cute!*, *The Hip Handbag Book*, *Designer Style Jewelry*, *Dangles and Bangles*, and *The Art of Resin Jewelry*. She lives near Provo, Utah.
