Julie Collings, Candice Elton : Beadlings: How to Make Beaded Creatures Creations with Other (Klutz) before purchasing it in order to gage whether or not it would be worth my time, and all praised Beadlings: How to Make Beaded Creatures Creations with Other (Klutz):

0 of 0 people found the following review helpful. Thank you!By amyI bought this book because I had it as a kid, it was my intr to beading, and now i run markets and teach other kids crafts. I highly recommend this book for all ages, children and adults, the directions are easy to understand, and the projects are alot of fun for the whole family. Thank you seller :)0 of 0 people found the following review helpful. Worth it!By Erika J. GartrellI owned a copy of this book years ago, but it had somehow lost its way during one of our moves. The directions and patterns are wonderful... for all ages really. Buy your own beads and make for gift tags, ornaments, hair accessories, etc. Lots of fun. Seller was

prompt and underestimated the condition... book in better shape than expected. 1 of 1 people found the following review helpful. The best book ever made on creating small adorable beaded creatures. Out of print so it's hard to find! By Carolalev The best book ever made about creating tiny beaded creatures. Unfortunately it is out of print and the only copy I could find did not come with the beads or tools. However, I was easily able to understand what I needed to purchase to create these adorable little guys. My only problem is that as soon as one is made, it flies out of my hands into the hands of an admirer. I just can't say no to anyone who appears to yearn for the little guys! It's a great way to spread love and joy into our deficient world! I wish that Klutz, the publisher would recreate this wonderful book once again.

Beadlings are itty-bitty creatures made out of shimmering glass beads strung on wire. This book of simple instructions covers five categories - Critters, Creepy Crawlies, Flighty Bugs, People and Sea Creatures. Comes with everything needed to make all nineteen projects.
