However, the photos are "double printed," making many hard to see. The varied jewelry styles are beautiful and most are to my liking. I truly like the book and the jewelry and the instructions would be easy to follow but I have blurry eyes after reading the instructions. This instructional would get five stars from me if the printing quality were better.1 of 1 people found the following review helpful. Five StarsBy Shirley A WardI really like jewelry made with SuperDuos. Instructions in this book are easy to follow!3 of 3

Full of great patterns, usually I only like a few patterns in a book, but I would make 19 of the 20 in this book.
Full of inspiration and beautiful patterns using superduo beads.

With this collection of 20 stunning projects designed and created by Teresa Morse, with detailed easy-to-follow instructions, creating textured and shaped jewellery with SuperDuo beads has never been more simple. Using SuperDuo beads with glass pearls, seed beads, crystal beads, cabochons and drops, and lots of ideas for colour, technique, and style to create your own beautiful jewellery.
