I received my book promptly and have enjoyed the relaxation that comes from putting pencil to paper. I think that colored pencils do a better job than crayons, but there is plenty of pages so you can try out different techniques and different medium. The scripture verses would also be easy to memorize as you complete each page. This would be a good craft for kids too.11 of 12 people found the following review helpful. SatisfiedBy OBluePurchased as a gift. Lovely scripture and coloring pages to reflect on for personal meditation. If using markers, it is best to use a liner such as an old calender or plastic sheet (project covers) to prevent markers from seeping onto next colouring page. Will purchase again.4 of 4 people found the following review helpful.
