Its messages are meant to help us look at ourselves and our relationships in an objective manner and to make the necessary changes so that the person we share with the world is giving and positive and living up to what God wants us to be. Osteen is a master storyteller, and each story helps us see areas in our lives where we are on point or where we fall short. The first half of the book becomes slightly repetitious, but stick it out; by the time you get to the second half you'll be hooked.2 of 2 people found the following review helpful. Becoming a Better You is amazingBy PPWWMMy son's fianc told me that she had purchased this book in Spanish. I wanted to encourage her relationship with the Lord so I, too, purchased an e-book version to follow along

with her. Needless to say - she was the avenue to guide me to the book because once I started I couldn't stop. This book is life changing. I'm so thankful that she told me about it. A Must Read!0 of 0 people found the following review helpful. Super Repetitive.By harleychickSuper Repetitive; so much so that I couldn't get past 2 chapters and ended up returning it. I liked what it had to say and felt it could've helped me if just written better and in half the words.
