A. Eskridge : Bee Hive Alchemy-Beeswax: How to Make Creams, Deodorant, Salves, Vases, Soaps, and more before purchasing it in order to gage whether or not it would be worth my time, and all praised Bee Hive Alchemy-Beeswax: How to Make Creams, Deodorant, Salves, Vases, Soaps, and more:

4 of 4 people found the following review helpful. Buzz off...By R. CherryThe entire contents of this book could have

been printed in a 10 page leaflet. The book is described as 32 pages; however, it is mostly blank space. Contents was mediocre, nothing new or enlightened. This is a \$3.99 bargain book, at best. 0 of 0 people found the following review helpful. BEESWAX????By alfredo munizI gave it one star because otherwise I couldn't post this review. Somehow the cover to beeswax alchemy got mixed up with the cover of essential oils..Nowhere in this book, other than the cover, is there a mention of beeswax..very disappointing. The contents, essential oils, were not too bad, but I'm interested for now in beeswax..0 of 0 people found the following review helpful. I'm sure that I would have liked this beeswax bookBy CustomerUnfortunately I received wrong book when ordering this, it was about essential oils. I'm sure that I would have liked this beeswax book, if I would have received it.

Discover the Wonders of Beeswax! In this easy to understand book you discover how to: Make Beeswax Candles Lip Balm Skin Care Crayons and even Stress Balls You'll love learning about one of the more popular natural crafts being created by others just like you!
