**Dorothy Cockrell : Beginner's Guide to Enamelling** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beginner's Guide to Enamelling:

0 of 0 people found the following review helpful. Three StarsBy Peter millernot really a beginners book2 of 2 people found the following review helpful. better than expectedBy icyclopsBought the book for beginner enameling. Lots of information and great images. Easy to understand and definately worth the price. If your interested in enameling with a kiln then this is the book to start. Buy it, you won't regret it.1 of 1 people found the following review helpful. Thank youBy gina taylorI teach jewelry to high school students and this book makes it easier to get the enameling techniques across to them, Thank you

Dorothy Cockrell encourages readers to enjoy the delights of this exciting and gratifying craft. Offering easy step-by-step photographs and instructions, she guides the reader through all the different techniques, illustrating how beautiful and unusual effects can be achieved once the basic principles have been learnt. She discusses how to prepare the

metal, choosing and mixing colours and firing methods. More advanced techniques are also included: stencilling, drawing on enamel, sgraffito, using rubber stamps, working with gold and silver leaf, and more. You can make jewellery, decorate boxes, create pictures, embellish bowls and produce many unique designs. The vibrant colours and wonderful textures will make you want to experiment and develop your own projects. Packed with stimulating and innovative ideas, this book will appeal to beginners who want to start a fascinating new craft, and it will also inspire anyone interested in the art of enamelling.
