Gilian Dye : Beginning Bobbin Lace (Dover Needlework Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Beginning Bobbin Lace (Dover Needlework Series):

1 of 1 people found the following review helpful. I LOVE IT.By CustomerA friend introduced me to bobbin lace, when I went to visit her; however, she lives 90 miles away from me.This book has a list of the abbreviations. I found that a lot of craft books(even the ones for beginners) expect the reader to have some basic knowledge of what they're doing. This book doesn't. I LOVE IT.1 of 1 people found the following review helpful. Five StarsBy Sharon L KimesThis book is very good for those learning bobbin lace. Love the patterns.0 of 0 people found the following review helpful. It's a great book for learning how to bobbin laceBy RenaeI ordered this book because I have the current book by Ms. Dye. It's a great book for learning how to bobbin lace. Thanks for the great book!

This guide to the craft of bobbin lace assumes no prior knowledge and no previous skills. The author begins with an explanation of the equipment and how to use it, and progresses to simple patterns and how to form grounds, edges and corners. She concludes with instructions for making complete and usable items. The drawings, patterns and prickings are clear and detailed and support the text which is ideal for the novice lacemaker. Gillian Dye has made several varieties of lace and now teaches and demonstrates the art of lacemaking to both children and adults, concentrating on

traditional and contemporary bobbin lace.
