Vicente Palacios : Beginning Origami (Dover Origami Papercraft) before purchasing it in order to gage whether or not it would be worth my time, and all praised Beginning Origami (Dover Origami Papercraft):

0 of 0 people found the following review helpful. okayBy spsMy grandson liked these but at 9 years old, they were still complicated for him to do alone. An adult had to help.0 of 0 people found the following review helpful. Very Beginning BookBy JaneKI used this with my son when he was home sick from school at around 9 years old. I like it because unlike other simple origami books, it showed all the basic folds that you have to know to do origami. Other books refer to the folds (assuming you already know them).

From the popular author of Dover's *Origami for Beginners* and *Origami from Around the World* comes this new introduction to paperfolding. Brimming with eighty-five clearly illustrated, step-by-step diagrams, this simple guide will have origami novices on their way to mastering a fun and fascinating art that's as old as the invention of paper itself! Hobbyists of every age will find it a snap to create such charming models as a rabbit, a boat, a coin purse, a house, a flower, Santa Claus, a penguin, a bird in flight, and a Chinese pagoda. Designed especially for beginners, the array of projects featured here will make intriguing party and holiday decorations and are guaranteed conversation pieces.
