Not as basic as I wanted but niceBy Judi TAs it said Beginning Tatting as the title, I thought it was going to be illustrated instructions but there were exactly 6 and they showed me absolutely nothing about what was to go where. The only redeeming thing are the few patterns.0 of 0 people found the following review helpful. Great instructionalBy Lilian ttBeen a long time since I did tatting and was rusty. But this book was able to assist me to recollect just how to do. Great instructional book
