The illustrations are so beautiful and realistic but with a hint of mystery- you can feel the personality in each animal. I love the little details- what starts as a simple rendering of a fox becomes more and more interesting the longer you look. I can't wait to start coloring!0 of 0 people found the following review helpful. Five StarsBy John E. SaylorIt's a very nicely done coloring book.

Adult coloring book full of wonderfully detailed pen and ink animals.
