Beautiful assortment of adorable farm animal patternsBy Carol T.This is the most wonderful knitting book for farm animals I've seen to date.The designs are wonderful and high quality - not "crafty" looking. I purchased this specifically because I needed the cow pattern for a little project I'm working on. But there are so many cute patterns in this - the pigs and piglets make this book worth the price, alone.This is a small, hardback book with beautiful photographs and easy to follow instructions. Probably not for the novice knitter but certainly anyone in the intermediate to advanced knitting category will be able to make these with just enough difficulty to make the process challenging and satisfying.When my cows are done, I plan to make a few more of these adorable creatures.Recommend.0 of 0 people found the following review helpful. Great gift to country fair enthusiastBy Joan Hart WeigleGave as a gift to expert knitter daughter who will tackle a farm for annual fair in her hometown. She seemed to relish the idea.0 of 0 people found the following review helpful. Great directions and photosBy Jennifer M. MorrisI haven't made any of the animals yet but I look forward to it. Great directions and photos.

The Best in Show series is an outstanding success. Sally Muir and Joanna Osborne are back with a collection of new patterns for farm animals. There is something here for everyone, with instructions for large farm favourites such as cows, bulls, horses and pigs as well as cute chicks, lambs and piglets. The animals are surprisingly easy to make. It will only take a few evenings to create yourself a loveable companion. These knitted animals in miniature are much easier to look after than the real things - they don't need feeding, they won't make a mess and they take up hardly any room. Join this evocative tour of the farmyard, with all the different animals you could hope to meet. Patterns include sheep and lamb, cow and calf, pig and piglet, goat and kid, chicken and chick, goose and gosling, horse and foal,

llama, donkey, bull and even a rat. Idiosyncratic descriptions of the various species accompany beautiful photography, making this book irresistible for both keen knitters and animal enthusiasts.
