There is an emphasis on joy throughout the designs. And, it is a Better Homes and Gardens annual tradition edition. You really cannot go wrong with this book. It will give you many hours of stitchery and treasured heirlooms to those who receive your work. The colors are bright and brilliant but well coordinated to each design. Some patterns are simple, others more complex. You can adjust your color choices and change the entire appearance of a piece from traditional to contemporary if you wish or stick with what is suggested. This book is meant to be a surprise and for me it was a very pleasant one! And, at the current prices, I fail to see how it could be any less to anyone else.0 of 0 people found the following review helpful. Christmas Cross Stitch at it's finest!By SLCThis book is full of delightful Christmas charts. My favorite are the Tree of Life and the Red Christmas ones. The pictures are bright and beautiful and the charts are easy to follow. I am so happy to have this in my collection and can't wait to stitch some of the designs!2 of 2 people found the following review helpful. Traditional Christmas patternsBy Gisselle BaezI bought this for my mother who is a beginner in cross-stitching, she loved the patterns and tips, i'm sure she will enjoy making them.
