Better Homes and Gardens : Better Homes and Gardens Rose Gardening (Better Homes and Gardens Gardening) before purchasing it in order to gage whether or not it would be worth my time, and all praised Better Homes and Gardens Rose Gardening (Better Homes and Gardens Gardening):

4 of 4 people found the following review helpful. Rose GardeningBy L. TamAs an avid rose gardener I found this book by Better Homes and Gardens okay, but definitely not the ultimate rose guide I was looking for. It does have nice colorful pictures of roses, but the one area that all rose enthusiasts' deal with and the one that frustrates me the most is all the nasty pests and fungus that attack our roses. I would have liked a much bigger section on dealing with pests, and way more pictures of the various afflictions and methods of dealing with them. I was sold on the facts that it had a stamp of approval from the American Rose Society AND that it comes with a 1 year subscription to Better Homes and

Gardens, so that, combined with the price I paid for it on , make it worth the purchase.1 of 1 people found the following review helpful. Five StarsBy bookerGreat advice for a beginner.3 of 3 people found the following review helpful. I need a good rose bookBy Annette PerryThis is one of the very best rose book for a novice or an expert. Very clear. More modern than some others about soil, technieques. I you need to learn or confirm the basics, the is a wonderful book. The rose gallery in it is very good.

Great ideas and down-to-earth wisdom on rose gardening from Better Homes and Gardens and the American Rose Society Better Homes and Gardens presents Rose Gardening, a comprehensive guide to growing great roses recommended by the American Rose Society. Roses are hardy, beautiful plants that grow easily and survive cold weather, so they continually remain popular for home gardeners. This practical guide combines the artistry of rose gardening with the green-thumb wisdom it takes to succeed. For gardeners of every skill level-whether they've grown roses before or hardly know what one should look like-this book offers inspiration, beautiful photography, artistic and creative garden plans, and historical information that rose enthusiasts will love. Includes colorful diagrams, helpful checklists that make planning a breeze, easy-to-understand planting and caring directions, and much more Features more than 600 stunning full-color photographs, including a gallery of roses that showcases hundreds of varieties Offers advice on selecting the right roses for your geographical region, combining roses with other plants in your design, up-to-date information on pest control, and general garden maintenanceFor anyone who loves roses and rose gardens, Rose Gardening is the ultimate resource for the home gardener.
