Joan Elliott : Bewitching Cross Stitch before purchasing it in order to gage whether or not it would be worth my time, and all praised Bewitching Cross Stitch:

0 of 0 people found the following review helpful. Joan at the top of her game By Dennis Palmero Cross stitching is not just copying a piece of art onto fabric with thread - there's also an art to the colors and the ease of stitching them AND the effective use of back stitching. Joan's the master of these techniques, and this book has some of her best and brightest work. Highly recommended. 0 of 0 people found the following review helpful. I LOVE IT!! By K.T.*UPDATE*I LOVE THIS BOOK! I have done almost EVERYTHING in here as gifts or just 'cause. I m redoing the Crescent Moon Dragon again. The 1st time I did it on black and it looks FANTASTIC! Now I'm stitching it on a

blue/grey tie dye fabric. This book ISN'T for beginners... it works with evenweave fabric you have to work over 4 strands and it's not only hard but it took me almost 8 months to finish the dragon because of that fact. The other ones are on regular Aida (you COULD do the dragon one on Aida but I'm a stickler for detail!) The charts are PERFECT... in full color and easy to read, 1/2 of the patterns take up more than 2 pages and each and every page is color. Some projects are small like post card size but the biggest one is the wizard (I am eagerly awaiting fabric for that one!), 18x22 inches! I TOTALLY think it's worth the money, I have had this book for a little over 2 years and I go to it whenever I need a project (my sister loved the Hope (bird) cross stitch and my cousin loved the Egyptian style bookmark)... If you can afford the amount of money and time it takes (you need PLENTY of both) then this book is a must have!! I found this book at the library and when I rented it I knew I had to buy it. The designs are a little big (1-4 pages) but the images when done are more than astounding. I am an avid cross stitching addict and have to work on three projects at the same time but with these they don't bore me or make me want to go to another design. 0 of 0 people found the following review helpful. Full color and the best designs yet By Margaret C. Full color and the best designs yet! If you are just looking for Joan Elliott I would highly recommend this book over purchasing the Magical Cross Stitch Designs: Over 60 Fantasy Cross Stitch Designs Featuring Fairies, Wizards, Witches and Dragons. Joan Elliott's books are wonderful and very well done. This one is older, but I definitely hope that they will keep it in publishing and publish a second volume or more as well!

Cross stitchers will be bewitched by this original collection of fantasy-inspired designs from one of the cross stitch world's favorite designers, Joan Elliott. Fans of fantasy will love this collection of imaginative designs, including wizards, witches, dragons and pixies--all intricately brought to life with luxurious metallic threads and glittering beads. Projects include enchanting cards, gift bags, keepsakes, framed pictures, and more.

About the Author Joan Elliott has created needlework designs for over 30 years. She continues to be the main designer of kits for Design Works Crafts Inc, one of the top US needlecraft kit suppliers, and is a regular contributor to World of Cross Stitching, one of the UK's leading cross stitch magazines. This is her seventh book for David Charles.
