Individually made cards are increasingly popular in gift stores but they can be expensive. Making your own cards at home is a quick, cheap and simple alternative. This title contains 45 step-by-step projects with cards to suit every occasion - bithdays, Christmas, birth announcements, wedding invitations, new home and party invitations. The cards are made using a wide variety of techniques - some modern, some traditional and all from readily available art

materials and papers, as well as incorporating fabric, needlework and "found" items. The designs are simple and stylish and are imaginatively captured in photographs presented throughout.
