She wanted to see if I would write an un-biased review of her new coloring book. I said I'd be glad to. Well, the book came today and it is beautiful. I am very impressed by the many Rose Windows just waiting to be colored. There are 65 designs with a Scripture on each page. I love that.. I would recommend this book to anyone who loves to color like I do. Thank you Jessica. Now I'll go look at the other books you have.0 of 0 people found the following review helpful. My Favorite Coloring Book Thus Far!!By SHAWN

PARRISHI was asked to write an unbiased review after Ms. Hogenson generously mailed me her newest coloring book. It is beautiful and I can hardly wait to start a relaxing weekend with these lovely designs. I have bought many coloring books but I especially love the scriptures provided on each page. The designs are unique and the font used for the scriptures is perfect for meditating on God's word while coloring. This is a beautiful hobby and I encourage you to add this one to your collection!

It's time to put the tea kettle on, hit play on your most soothing playlist, and settle yourself down with your favorite colored pencils or pens. But this isn't just another mandala coloring book. This is the second book in the Rose Windows coloring book series, inspired by the beautiful stained glass rose windows that grace centuries-old Christian cathedrals. And it contains even more designs for you to enjoy! As always, each design is accompanied by scripture from the King James Version of the Bible so you can meditate on God's Word while you color.
