I adore owls, especially the big eyed ones!By TinaI love how coloring is coming back for adults and I'm even happier that the pictures we're given to color are more "adult" like and have intricate patterns. This book includes some really beautiful images to color. I couldn't wait to get started with this one because owls are my favorite! The pictures are adorable and look even more so after being colored.CONNS: None that I can find at this time.
