Vicki Bellino : Bloom Creek Quilts before purchasing it in order to gage whether or not it would be worth my time, and all praised Bloom Creek Quilts:

Can be used to use all those leftover bits of fabric as well as a preplanned out design. Great ideas. The quilt on the cover, while in reds, grays, and creams is great, it can easily transfer into other color commendations. Which I am doing. Started to pull the different color combos out, and cutting the 5-inch squares. Excited to start putting it together. Only thing is wish that had been included, were different color combinations pictures. 1 of 1 people found the following review helpful. High quality book with lovely quilt designs. By Colonial shopper I saw a single pattern for sale that was included in this book. The single pattern was nearly as much as the book, so I purchased the book and was glad I did. The patterns range from beginner to intermediate (my assessment) and most feature applique. All in all, a nice variety of designs and sizes. 1 of 1 people found the following review

helpful. Beautiful quilts and great instructions! By Pam Rosequist This book is great. Not only are the quilts beautiful but the instructions and photos are easy to follow and understand. I made the Big EZ in only a few days and it turned out great, sure to be an heirloom.

Vicki Bellino, the creator of Bloom Creek patterns, presents 14 of her top-selling designs! Combine traditional patchwork with delightful applique shapes in projects ranging from wall hangings to bed-sized quilts--plus a great tote bag and pillow. Use precuts; many projects are perfect for convenient 5" squares, 2 1/2" strips, and fat quarters. Enjoy popular designs featuring fresh, new fabrics for a completely updated look. Find something for everyone--quilts are easy enough for beginners and appealing enough for advanced quilters.
