Fabulous historic heirloom patterns for the best price onlineBy ILSE SCHAFFNERThis book is hard to find for a good price but is worth buying. It has beautiful projects that remind me of gorgeous historical heirlooms.

The patterns are based on China and tile patterns that I love! I'm used to getting 1 cent books so I was disappointed to pay so much but I found the best price online. Considering it's imported from England and has such great patterns, it's DEFINITELY worth the money! 0 of 0 people found the following review helpful. blue willow By megani have been searching for blue willow cross stitch patterns and this is the only book i have found anything close that i was looking for. book came in great condition.
