Carry reflection of Heaven on their backBy CarolA must have book for the collector,and also for the person who just love to look at beautiful pictures and read about the charming Bluebird china. Especially useful because there are prices for most pieces and the history of each pottery company that produced it and why. Perfect coffee table book

Bluebird china enjoyed a brief but spectacular history, first appearing in the late 1800s, reaching its zenith in the early to mid-1920s, and was almost entirely gone by 1930. China decorated with the bluebird motif was produced by over 50 different American companies including Anchor Pottery Company, Atlas China Company and Atlas-Globe China Company, Chippendale China, Homer Laughlin China Company, and Steubenville Pottery Company to name just a

few. Whimsical, colorful, and cheerful, this comprehensive collectors book displays bluebirds on plates, platters, pitchers, canisters and other housewares in over 750 beautiful color photos. Whether you are a novice or an advanced collector, this book will help you identify the many subtle differences. Recent values are included in the captions.
