The peppered in mini-storylines weaved throughout the book at times feel as though, Bob Donlan, is speaking directly to you. Everything, Bob, draws is very raw natural. His artwork is both deep humorous, which reflects his warm character. If you like sketchbook art, you'll be very proud to own this work.0 of 0 people found the following review helpful. Five StarsBy CustomerOutstanding!!

The inner workings of an artist's mind with schizoaffective disorder, a bipolar illness with schizophrenic tendencies. The book is at times a stream of consciousness glimpse into healing through grief by way of art. It contains 380

images of coping, healing, and laughter.
