Florence Hull : Bonsai for Americans: A Practical Guide to the Creation and Care of Miniature Potted Trees

before purchasing it in order to gage whether or not it would be worth my time, and all praised Bonsai for Americans: A Practical Guide to the Creation and Care of Miniature Potted Trees:

1 of 1 people found the following review helpful. bonsaiBy Ralph L. LyonThis reference is easy reading and to the point. It is a useful adjunct to be used along with similar references.3 of 3 people found the following review helpful. From The Inside Flap:By Barney book finderIn this practical guide to the creation and care of minature potted trees, a well-known gardening writer shows how familiar gardening techniques and domestic plants and materials can yeild gratifying results. He also succeeds in disproving the popular notion regarding the art of bonsai - that growth of a fine specimen takes the better part of a lifetime.

A practical guide to the creation and care of miniature potted trees illustrated with more than 152 photographs.
