Cute, Quick, Adaptable PatternsBy --corinne--I was looking for some small, simple, appealing designs to cross stitch on some baby booties this book has them. Here are the project themes and motifs:A Touch of Country (sheep, cottages, ducks, trees) , Victorian Florals (roses, a bow), The New Arrival (teddy bears, rocking horse, pull duck toy, baby carriage), Special Occasion Borders (birthday cakes, balloons, rosebuds, pumpkins, ghosts, christmas trees, easter baskets, chicks), Floral Alphabet, A Special Day (simple wedding sampler), A Victorian Christmas (candles, sleigh, doorway, wreath), Traditional Borders (vines, roses, chains), Finishing Touches (roses posies), Antique Bears (teddy bears).It looks like this book was published only in the UK, so it may be hard to find, but it's worth adding to your cross stitch library. Beautiful and Useful! By A Customer Gail Bussi's designs are classic and elegant as well as delicately beautiful. This book is full of her signature borders and small motifs. It's worth the cover price for her alphabet alone.
