2 of 2 people found the following review helpful. BEAUTIFUL book. By J. Kendrick I am a knitter and a nature photographer, and was spellbound by Botanical Knits. The book takes you on a journey of beautiful patterns, inspired by nature. The photography is captivating and inspirational. My Botanical Knit books bring calm and comfort each time I page through them 0 of 0 people found the following review helpful. Fabulous patterns! By Linda R. Harrower Beautiful book full of beautiful patterns! I had the pleasure of taking a workshop with this talented, sweet lady, and needed this book, it is fabulous! 5 of 5 people found the following review helpful. Even better than the original By Kerrystack Well written patterns that were easy to follow. I love the suggested yarns are followed with

alternate suggestions.

Following the theme of the first volume in this series, the patterns in this book celebrate the beauty of the natural world in color and in design. Each project evokes a motif of leaves, twigs, vines, or blossoms, while the variety of textures and patterns will delight and challenge novice and experienced knitters alike.
