Do you appreciate architecture? Do you love solving mazes? Mister Mourao gives you twenty-five mind-blowing pieces of artwork, that is incredibly detailed for your brain to solve in this new book from Quarto Knows. He brings such detail to his mazes. I love challenging my mind while doing puzzles, mazes, and even crazy mind-bending questions. In Brain Bend, you will find mind-blowing mazes with fantasy architecture that you are able to solve and color. This book will keep you busy for hours upon hours solving extreme mazes. Brain Bend is great for those that are in the car for long periods of time. There are 25 mazes inside that you are able to decode and color, keeping your mind busy. You can create something unique while doing these 25 amazing architectural mazes. Each page is perforated for easy removal, once you complete each maze you can proudly display each one. The pages are on thicker card stock paper to help keep your masterpiece from

ripping. I love the bonus pages in the middle with MEGA mazes that are double the size. And if you ever get stuck, you can consult the back of the book for little friendly help. I received this book for free in exchange for this my honest opinion. All opinions are my own**

Brain Bend is a unique book featuring 25 wild, vibrant, architecturally themed mazes, along with black-and-white versions of the same artwork for coloring in. Artist and illustrator Mister Mourao's stunning, mind-bending designs, which range in style from joyfully freeform to impressively structured, offer a stimulating visual challenge to maze and coloring enthusiasts. Includes maze solutions at the back of the book. Perforated pages make it easy to remove the designs, and high-quality, heavy, uncoated paper make them a pleasure to solve and color.

About the Author Mister Mourao, also known as Vasco Mourao, is an architect-turned-illustrator who has a tendency for obsessive drawing. He creates commissioned works for a variety of editorial and commercial clients, including Apple, Expo2020 Dubai, The New Yorker magazine, The Washington Post, and Wired. In July 2016 Mourao will be creating a large-scale mural as part of the Imaginary Structures drawing competition sponsored by the International Conference on Structures and Architecture (ICSA).
