Dorothy Morrison : Bud, Blossom Leaf: The Magical Herb Gardener's Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Bud, Blossom Leaf: The Magical Herb Gardener's Handbook:

0 of 0 people found the following review helpful. so far I have been a maze at all the things I remember my grandparents doing with the land n how they took great care if itBy kim byrnesI'm abt a third in on the book....so far I have been a maze at all the things I remember my grandparents doing with the land n how they took great care if it....they use to say if you take care of the earth it will take care of you. This book reminds me of what they instilled in me as a child....they would say things to mother earth n all the fairies, elves, n we folk to help with the garden he would plant. This book is so true to the mother earth n goddess be. If you like planting n having your flowers n vegetables. ...you should read this book to help with them. The energy that is all good if you ask for there help too.1 of 1 people found the following review helpful. Absolutely delightful!By Susan Marie CotThis is the very first book of Morrison's that I have purchased, and I'm very pleased with it. As a practicing herbalist, I am always on the lookout for books in

this realm. I love the tips on proper harvesting as well as the little spells and rituals to connect the gardener with her plants and this book is chock full of inspiration for your gardens, even if you live in the city and all you can have is a small indoor container garden. I am already pining for Spring so that I can get out there and put more of Dorothy's ideas into practice. 0 of 0 people found the following review helpful. Five Stars

Nice item, thank you

By Air, Earth, Rain, and Shining Sun Every spring, the raw power of each Element works its magic on a seed, and Nature's creative cycle begins anew. Your own magic and spellwork can flourish and grow when you plant, tend, and harvest your own herbs and flowers for magical use-it's easy with the step-by-step techniques and practical advice found in *Bud, Blossom, Leaf: The Magical Herb Gardener's Handbook*. Do you want to know how to tend herbs with hydroponic magic? Or brew them into fine wines fit for the gods? Learn how to work with home spirits so your plants will prosper. Then step into the kitchen and whip up soothing ointments, pest control solutions, and house cleaning supplies. This gardening grimoire offers over 125 spells, invocations, rituals, and recipes for your magical gardening practices. Inside, you'll find: Magical garden shapes and themes for different purposes Recipes for culinary, cosmetic, and first aid uses for herbs The secret to appeasing fairies so your garden will thrive Tips for predicting the weather by using the moon and winds With down-to-earth approaches rooted in magic, *Bud, Blossom, Leaf* shows you how to enlist the help of Nature's Elemental energies to create your own enchanted garden.

From Publishers Weekly As "winter thaw" turns to spring verdure, spiritual gardeners begin sharpening their tools. In *Bud, Blossom, Leaf: The Magical Herb Gardener's Handbook*, Dorothy Morrison (In Praise of the Crone) digs through the spiritual side of gardening, offering 125 invocations, rituals, recipes and spells to help readers connect with the spirit of their bit of earth. Morrison's good humor and practical tips make this an entertaining ode to springtime. Copyright 2001 Reed Business Information, Inc. "*" "Herbs can bring us more relaxation than a session with a massage therapist, more energy than a pound of chocolate, and lift our spirits higher than the most prescribed mood-elevator on the medical market." - author Dorothy Morrison "About the Author Originally from Texas, Dorothy Morrison now lives the magical life in Maine with her family. Dorothy is a member of the Pagan Poet's Society and a charter member of M.A.G.I.C., a magical writer's and artist's organization. Dorothy is a Wiccan High Priestess of the Georgian Tradition, and has been an avid practitioner of the ancient arts for more than twenty years. She founded the Coven of the Crystal Garden in 1986, and spent many years teaching the Craft of Wicca to students both in the United States and in Australia. A former state championship archer and bow hunter, Dorothy's current interests include Tarot work, magical herbalism, stonework, and computer networking. Dorothy's work has been published in many journals and magazines, including Circle Network News, SageWoman, and Crone Chronicles. She is the author of the acclaimed *Everyday Magic*, *Magical Needlework*, *In Praise of the Crone*, *Yule*, *Bud, Blossom Leaf: The Magical Herb Gardener's Handbook*, *The Craft*, and *The Craft Companion*, among other works.
