**George Dent : Building Coaches: A Complete Guide for Railway Modellers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Building Coaches: A Complete Guide for Railway Modellers:

Building Coaches is a beautifully illustrated and practical book and provides important advice and covers a wide variety of materials and processes. It tells you everything you need to know about building model railway coaches. Master modeller, George Dent, guides the reader through the necessary techniques and skills. All aspects of the subject are covered from kit building in metal, plastic, resin and wood; soldering, weathering, painting and lining; 3-D printed kits and components; adding passengers to the carriages; upgrading off-the-shelf models; kit assembly, scratch-building and finishing.

About the Author George Dent is Deputy Editor and all-round technical expert at Model Rail magazine, one of the best-selling railway modelling titles on the market. Having developed a reputation as one of the IK's finest model makers, he also runs a popular series of practical modelling courses and produces a range of instructional DVDs.
