Jenny Bradford : Bullion Stitch Embroidery: From Roses to Wildflowers (Milner Craft Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bullion Stitch Embroidery: From Roses to Wildflowers (Milner Craft Series):

8 of 8 people found the following review helpful. Learning Bullion StitchBy SandyThere are so many ways to use bullion stitches it is hard to criticize someone else. This stitch looks easy but if you don't have the right thread and needles and easy stitch becomes hard. This book explains threads, needles, material and a lot more. Doing the bullion stitches looks beautiful but one wrong turn and you might as well cut the threads and start over. I would recommend this book, the only thing is I wish there was more color pictures showing threads.7 of 7 people found the following

review helpful. The Best!By Brenda CooneIt was written some time ago but you absolutely will not find a better book on bullion roses. Clear, easy to understand instructions with good illustrations. This is a dying art. Buy one now while you can get your hand on it. Well - Well worth the cost! You will love her designs and instructions4 of 4 people found the following review helpful. Bullion Stitch Embroidery bookBy BrendaReally neat book. I haven't seen this type of embroidery before. The book is Bullion Stitch Embroidery by Jenny Bradford. Its a how to book. It tells you about materials to use and shows pictures how to do the different stitches. Looking forward to trying this milner craft. It has that vintage feel. This book was sold as a used was a great price and in mint condition. Thank you Gardner's Used Books.

Designed to introduce the beginner to the joys of working with this stitch, details on fabrics, threads and needles to be used, and instructions on how to work bullion stitch and to create many different flowers.
