All of them are nice, with only one novelty type hat. That hat could actually be made without the long braids on each side, and then it would be just a nice cabled hat.Here's a breakdown of what is in the book. There are a total of 21 patterns, but some include more than one thing(like hat and mittens). There are 11 hat patterns, 4 scarf pattern, 2 fingerless mitten patterns, 2 regular mitten patterns, and 1 baby mitten pattern, 2 neckwarmer patterns, 2 hat attached to scarf patterns, and 1 headband pattern. Overall a nice assortment.There are no patterns rated beginner in this book. There are 5 patterns rated very easy, 8 rated intermediate, and 8 rated experienced. Some of the experienced ones are scarf patterns that have you doing several different cables at a time. Not really hard, you just have to keep track of where you are at.The patterns here are classic, but not dumpy looking. Here is a list of

the patterns included: Cabled Cap, Double Cable Scarf, Drop Stitch Cable Scarf, Self Striping Gauntlets (on the cover of the book), Cabled Wristlets and Hat, Cabled Neck Warmer, Bias Scarf, Baby Hat and Mitten Set, Bias Cable Hat, Traveling Cable Mittens, Three Cable Scarf, Traveling Cable Hat, Scarf with Hood, Mitten and Headband Set, Rolled Brim Hat, Cabled Helmet with Scarf, Striped Hat, Pompom Hat, Bomber Hat, Rapunzel Hat (this is the novelty hat), Neckwarmer and Hat. Guess it's time to break out the cable needle and get knitting! The Double Cable scarf and Three Cable scarf are beautiful! 0 of 0 people found the following review helpful. OK By kat harris I have the book for one pattern specifically..... it is not the Best written pattern or collection of patterns, but a good little book all the same. 8 of 8 people found the following review helpful. useful collection By M. Poller Congratulations to VK for using new designers in this book. Really some lovely items. Cabled cap, double cabled scarf, bias cable hat, 3 cable scarf, traveling cable hat, scarf with hood and neck warmer and hat are just lovely. The cover gauntlets are very ugly and not a good sample of the book's contents. REcommended for all knitters and especially anyone looking for a quick project or a hat or scarf.

With its elaborately beautiful results and simple technique, cable knitting is irresistible to almost anyone who knits. But knitters also love the practicality of small and easy-to-make cold-weather accessories such as hats, gloves, and mittens. Combine the two and you have the ingredients for perfect knitting projects. And that's exactly what this newest volume in the Vogue Knitting On the Go! series provides: 21 fabulous designs to work on anytime and anywhere. Knit easy caps, an elaborate buttoned neck warmer, fingerless gloves, self-striping mittens, and many more. The items vary from beginner friendly to challenging for those with a little more experience. Embellished with pompoms, fringe, and adorable earflaps, these stylish pieces are truly one of a kind.
