Jennifer Tynan : Cannabis Cosmetics: Hemp Oil Healing with Soap and Lotion Recipes for your Small Business (Thermal Mermaid Book 4) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cannabis Cosmetics: Hemp Oil Healing with Soap and Lotion Recipes for your Small Business (Thermal Mermaid Book 4):

1 of 1 people found the following review helpful. Great Educational Read with Practical UsesBy David S Hodiobought this as a gift and couldn't put it down myself. I didn't know anything about the uses of Hemp and now I am considering making some of the recipes in the book to go with the gift and make it something really special. The recipes are easy enough that I can make something in time for the holiday. Anyone with an interest in natural remedies will love this book.0 of 1 people found the following review helpful. Don't follow the instructions in this book. It's dangerous.By WiteaynjilThis book states that in order to dissolve lye with water one should always add the water to the lye and never the other way around. This is not only false but very dangerous. This one statement makes me question everything she has written about soap making.0 of 0 people found the following review helpful. InfoBy Nancy C.These ladies always have what you need when it comes to products and how to make and fix them in a particular setting.
