Jain Suckling : Cardmaking in a Weekend (Crafts in a Weekend) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cardmaking in a Weekend (Crafts in a Weekend):

0 of 0 people found the following review helpful. I would buy this book even for a gift--for someone else.By Julia M. JohnsonLove this book.0 of 0 people found the following review helpful. Five StarsBy Donna E ReeseGreat ideas for making cards. Card making is my passion and this book is a great inspiration.3 of 3 people found the following review helpful. Not what I expected.By SGCocoI have been doing cards on and off for about a year now and this book is not what I expected it to be. I thought it would be a little easier for me to do the cards on weekends, but the cards are not too easy to do. I am little disappointed, but I'm sure that if you have more experience, this book would probably be good.

Handmade greetings cards have grown in popularity, and this manual demonstrates how to make your own cards for a fraction of the retail price. Featuring cards suitable for a range of occasions - from birthdays and weddings to new babies and anniversaries - and in a range of styles and tastes, each one can be made memorable with a personal touch. This practical guide provides fully illustrated step-by-step instructions together with all the basic techniques.

.com Handmade cards are an ideal medium for self-expression: the small, event-oriented format means we can indulge our creativity fairly readily, while tailoring a greeting specifically to someone we care about. The colorful, clever cards in Jain Suckling's *Making Cards in a Weekend* offer ample opportunity for creative play: confetti fish swim in an acetate sea, eyed by a hopeful (rubber-stamped) kitty; a paper stork cut-out dangles a little bundle; a fun-foam clown becomes a finger puppet. Techniques include stamping, foil embossing, quilling, and collage. Good step-by-step directions, each accompanied by individual photos, make these mostly easy projects even easier, and seven eye-catching "gallery" spreads provide dozens of additional ideas to take your card creativity even further. --Amy Handy

About the Author Jain Suckling is a professional greetings card designer and merchandiser. She runs a successful business selling handmade cards made by a host of innovative designers. This is her first book. Jain lives in Queen's Park, London.
