Sheila Sturrock : Celtic Knotwork Designs before purchasing it in order to gage whether or not it would be worth my time, and all praised Celtic Knotwork Designs:

0 of 0 people found the following review helpful. Helpful for the creative type. By Philip D. McGaughey A good book for making one's own designs. 0 of 0 people found the following review helpful. i love this By Amy M step by step instructions to draw celtic knots, i love this book 0 of 0 people found the following review helpful. Five Stars By Dena L. Kennedy Very nice patterns.

Sturrock shows the step-by-step process....Color renderings and good contrast in layout make this easier to use than other books on knotwork....A separate chapter shows examples of Celtic knot designs used in crafts such as

needlework or ceramics. Library Journal. An ingeniously simple technique that breaks down the steps into a series of curves and lines; you can make the most intricate and mysterious designs. Irish American News.

From Library Journal Craftspersons who have copied Celtic knotwork designs for their own work know that the construction process is not obvious in the finished design. The secret to understanding the designs lies in the sequence of superimposed drawings that make up the finished knot. Sturrock shows the step-by-step process, starting with simple shapes plotted on a dot grid and gradually interconnecting these with a succession of interlacing lines and curves. She includes instructions for straight borders, corner designs, and zoomorphics, the familiar convoluted animals of old Celtic manuscripts. Color renderings and good contrast in layout make this easier to use than other books on knotwork. A separate chapter shows examples of Celtic knot designs used in crafts such as needlework or ceramics. Copyright 1998 Reed Business Information, Inc.
