Karen Rakoski, Barbara DeYoung : Chain Mail Wire Reimagined before purchasing it in order to gage whether or not it would be worth my time, and all praised Chain Mail Wire Reimagined:

3 of 3 people found the following review helpful. The projects are well detailed and the instructions are easy to followBy GDDAs noted by other reviewers, this book offers an interesting combination of chain maille and wire wrapping with an interesting design flair. The projects are well detailed and the instructions are easy to follow. The photographs are most helpful. If you follow the instructions carefully, your results look just like those shown in the book. Equally valuable are the ideas suggested by these projects and the possibilities for further development that occur whilst working through these designs. Thank you for a book of lovely pieces. I will return to this book again and again.1 of 1 people found the following review helpful. Artistic CreativityBy Susan Marie MolloyThis is a good reference book that helps with artistic creativity, including some good tips.2 of 2 people found the following review helpful. Great book! Full of infoBy costumer242pGreat book! Full of info, lots of colored pictures. Full illustrated

instructions. Wonderful patterns and gives excellent tool uses. Confident beginner to advanced chain maille makers.

Chain Mail Wire Reimagined unites chain mail and wire techniques to create jewelry with an entirely new look! Jewelry makers will first learn how to shape wire motifs into diamonds, ovals, twists, and more. These wire shapes will then act as decorative links, connecting traditional chain mail weaves. The resulting jewelry is both glamorous and wearable for all occasions. The over 25 elegant projects include necklaces, pendants, and bracelets. The instructions are broken down step-by-step with process photos and illustrations, using common tools, wire, and jump rings. Anyone who enjoys wirework or chain mail will be able to pick up this book and make the projects with success.

About the Author Karen Rakoski and Barbara DeYoung are co-authors of Chain Mail Wire Reimagined. Barbara DeYoung is a chain mail artist from Pittsford, NY. Karen Rakoski writes about and teaches wirework in Spencerport, NY.
