Richard A. Rousay II : Choose the Right Walk with Noah before purchasing it in order to gage whether or not it would be worth my time, and all praised Choose the Right Walk with Noah:

2 of 2 people found the following review helpful. Turning Wood with RIchard RaffanBy DaveThis is the third edition,C2008. Richard Raffan goes into the details of turning wood, from general lathe information to selecting the wood, grain orientation, sharpening tools, correct hand position body stance and movement, tool position and movement relative to the turning for scraping, cutting and boring tools. Excellent close up color pictures and descriptions.Overall an EXCELLENT source of information on wood turning and safety.Turning Wood with Richard Raffan was also published in 1985. I found this older edition at a used book store. The older edition actually complements the newer edition very well. Different views and pictures help to further clarify wood turning and safety. It is also an EXCELLENT source of information on wood turning and safety.I would recommend purchasing BOTH

copies if you can find them.0 of 0 people found the following review helpful. ... for Christmas gift for co-worker and recipient was really happy with itBy KeeperBought for Christmas gift for co-worker and recipient was really happy with it. She started showing me things she learned just looking through it during break.0 of 0 people found the following review helpful. Wood TurningBy J. PetersonThis book was O.K. but the newer versions are better.

"Choose the right" adventures are dozens of stories blended into one where you, the reader, will choose the ending again and again. Simply begin on page one and read until you are asked a question. Then turn to the page of your appropriate response to see where your decision leads you. By making different choices each time you read the story will become new and give you adventure after adventure in the same book. Choose the right and walk with Noah the first book in the series is a delightful tale about Isaac, a shepherd boy who lives during the time of Noah. Help him make decisions in his life and see if he will go the way of man or be fortunate to walk with Noah when the ark sets sail. His life is in your hands and his happiness will depend on you and whether or not you choose the right.
