Sizes not for Western Women By Customer I thought the English language edition would have upped the sizes of the patterns to typical Western proportions. Instead, the largest size is for height up to 5'4", bust 36", waist 29", and hips 38". That roughly translates to a US size 8. Buy this book for the pictures and ideas, but count on creating your own patterns unless you are a short size 8 or below. 0 of 0 people found the following review helpful. Chronicle Books Feminine Wardrobe By J. Hughes This book has very interesting clothing that I will enjoy making. 1 of 1 people found the following review helpful. Five Stars By Denise Cruey

May Wonderful book. There is a wide size range, great pictures and good patterns too.

This sewing book shows you how to create your own feminine wardrobe, full of super-cute dresses and tops. The clothing features wonderful, exaggerated bows and elegant frills to give you a uniquely feminine look. There are three themed chapters: town, party, and resort containing stylish clothes to take you effortlessly from the city to the beach. The visual, step-by-step instructions are easy to follow, and will enable you to make any of the 21 projects with ease. A paper pattern is included in the back of the book.
